Registered in Great Britain

Rose and Rebellion Soft Structured Baby Carriers have been designed and manufactured in the U.K. to a high standard. The carriers we produce comply with the British and European safety standard for baby carriers EN13209-2:2005. It is your responsibility to ensure that your child is safely secured within the carrier at all times. Do not wear this carrier in any activities which may prove harmful to your baby. The carriers are built to last, but as a precaution we recommend you thoroughly inspect the carrier for any signs of wear that may compromise your child's safety or comfort. Ensure all straps are adjusted to your babies size and that all buckles are fastened properly before use. If damage occurs discontinue use immediately. We hope that both parent and child enjoy the bonding, comfort and convenience that our carriers are designed to provide.

WARNING: Your balance may be adversely affected by your movement and that of your child.

WARNING: Take care when bending or leaning forward.

WARNING: This carrier is not suitable for use during sporting activities. Minimum and maximum weight - From 3.5kg to 20kg. Carriers can be used from approximately 3.5kg when a baby has head control and up to a maximum of 20kg. Children must face towards your body in front and back carries.

WARNING: The back carry takes a little bit of practice so until you are comfortable doing this please have someone there to help you to make sure that your baby is safe.

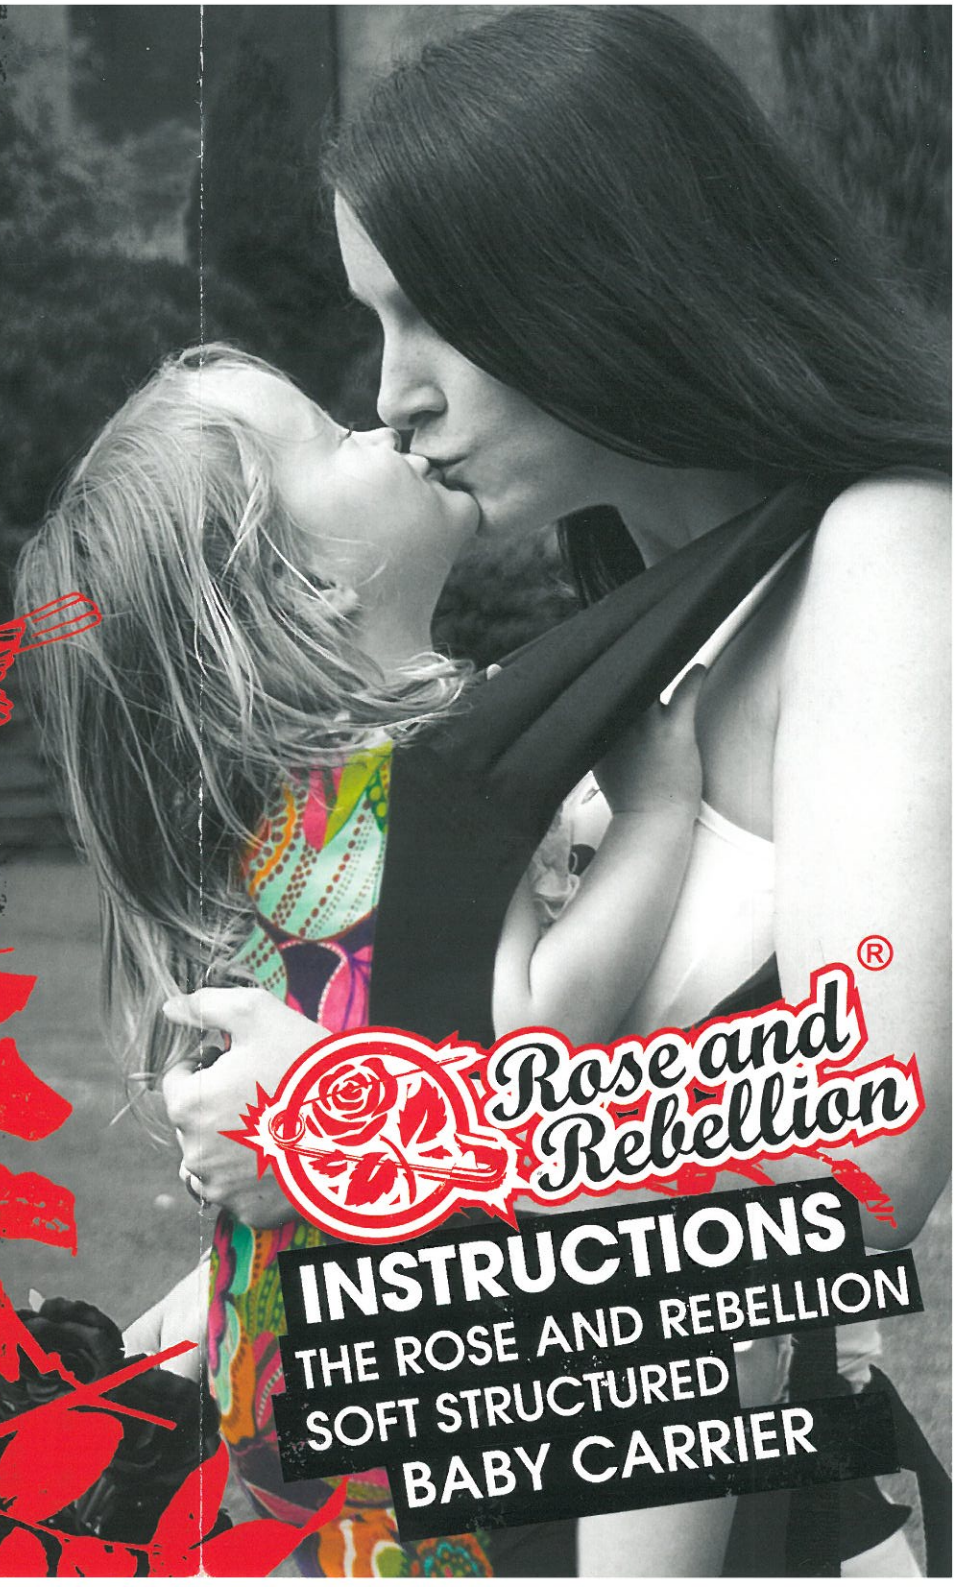

WARNING - Suffocation Hazard and Fall Hazard: Check frequently to make sure that your babies head and body are in an upright position in the carrier. Babies chin should not point down towards babies chest. Small children can fall through a leg opening. Always ensure your baby is provided a good flow of air.

WASHING INSTRUCTIONS Carriers can be machine-washed, hand washed or spot cleaned. Machine wash at 30 degrees on a delicate cycle, shape whilst damp and dry away from a direct heat. **IMPORTANT** please clip all buckles together if machine washing. Buckles if left open can catch on other clothes and cause damage.

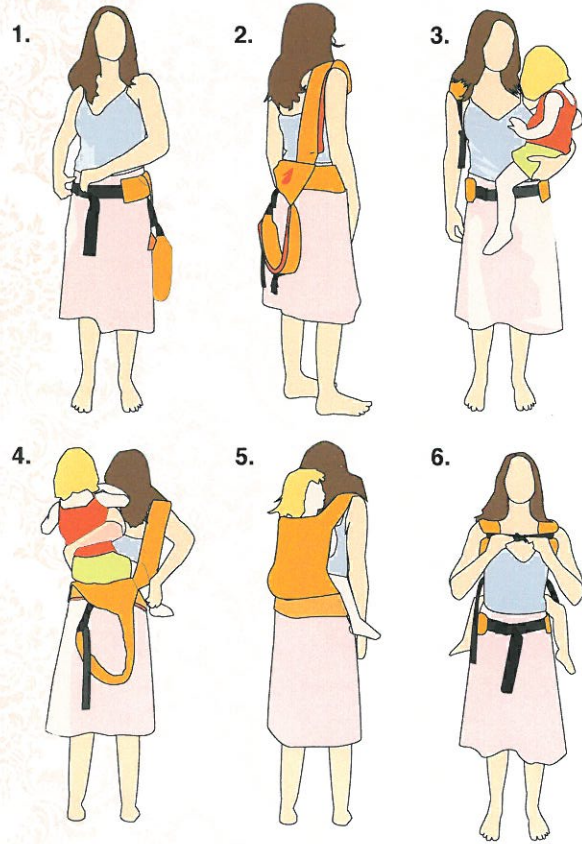

Produced in the UK

**INSTRUCTIONS
THE ROSE AND REBELLION
SOFT STRUCTURED
BABY CARRIER**

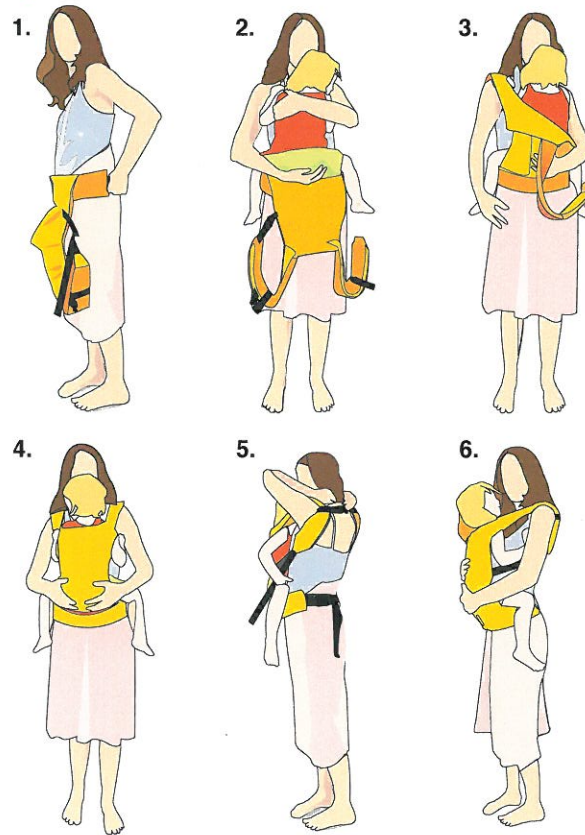

Back Carry

1. Clip waist belt around hips or waist and adjust to fit snugly
2. Loosen one arm strap and bring strap over shoulder
3. Seat baby securely on your hip on the opposite side to the arm strap
4. Slide baby around back and into carrier supporting them at all times.
5. Bring the other arm strap over shoulder and sit baby comfortably.
6. Clip chest strap into place and adjust arm straps to fit you comfortably
7. All done

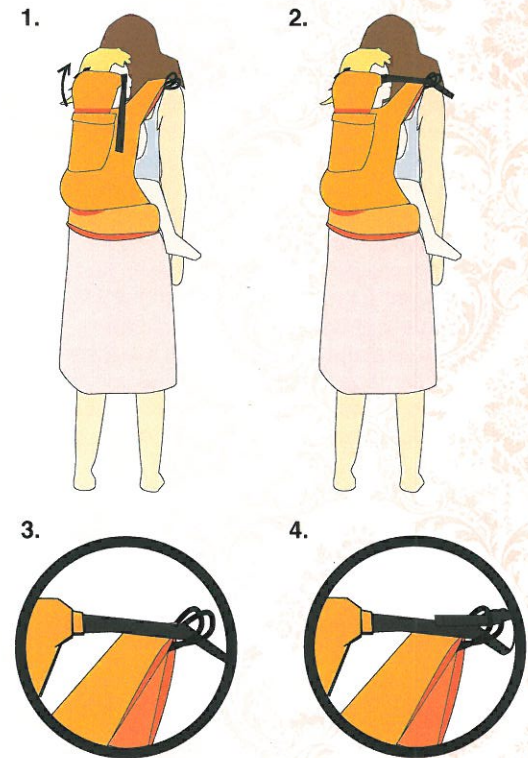

Front Carry

1. Clip waist belt around hips or waist and adjust to fit snugly
2. Hold baby in a seated position
3. Bring one arm strap over your shoulder whilst holding baby with other hand
4. Bring second arm strap over shoulder and sit baby comfortably
5. Clip chest strap into place and adjust arm straps to fit you comfortably.
6. All done

To use the sleep hood

1. Remove sleep hood from pocket,
2. Locate D-Rings on Shoulder Straps,
3. Thread strap through both D-Rings,
4. Thread back over front ring and into the next ring and adjust to fit.

Please Note: Straps can be crossed across your back or front if you find this more comfortable. Simply remove chest strap and clip straps into the opposite sides on the carrier.
